Looking ahead, we are thrilled to announce the launch of our very first BBA Best of Bayside contest. This exciting addition to our program lineup aims to empower our local community to nominate and cast their votes in recognition of their preferred businesses spanning the expanse of Bayside. In doing so, we aim to honor and commemorate the diverse and flourishing establishments that play a pivotal role in enhancing the fabric and beauty of our community. This new initiative provides BBA members with another avenue for growth and success.

As we reflect on these achievements, we express our gratitude to our dedicated members and partners who have contributed to the BBA's success. We look forward to continuing our journey of empowerment, collaboration, and growth in the coming year.

2023 FINANCIAL OVERVIEW

A Year of Remarkable Growth and Strategic Resilience for the BBA

SUMMARY OF 2023 PERFORMANCE

GRANTS:

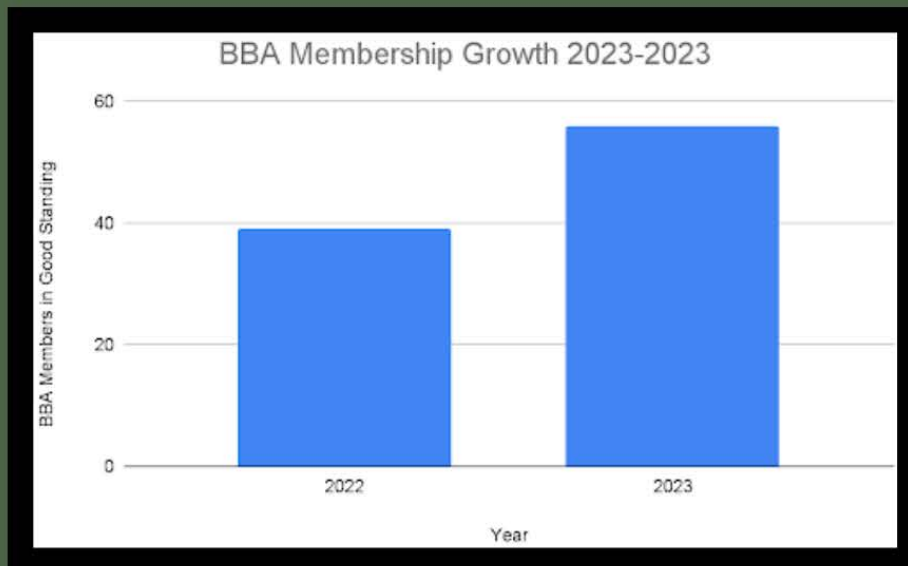

- In our 2023 fiscal year, the BBA did not apply for or receive any additional grant monies from those grants we continue to receive funding from. The three existing NYS grants we have, total \$215,000 in support. These reimbursable grants have helped us sustain and improve our services and benefits to our members and the community by providing us with the funding for operations and marketing efforts. The 44% jump in membership enrollment is a direct result of the support we have received through these grants.

MEMBERSHIP GROWTH:

- BBA membership increased by 44% in 2023.

NEW MEMBERS AND RETENTION STRATEGIES:

- The BBA welcomed 17 new members; launching a new member campaign in February 2024 to prioritize membership growth and retention.

ASSOCIATION HIGHLIGHTS - 2024

- **Support for Local Businesses:** BBA continues its efforts in bolstering the Bayside business community.

- **Community Engagement:** Over 700 votes received, winners to be announced in March 2024.

COMMUNICATION AND OUTREACH:

- **Networking Initiative:** Introduced in 2023, offering members opportunities for marketing, social media, and advertising

CHALLENGES AND SOLUTIONS

Technological Challenges:

- Adapting to evolving technologies with limited resources.
- **Competition:** Professional associations facing competition from for-profit entities.
- **Funding Challenges:** Dependency on membership dues, economic factors, and increased competition for funding.

Addressing Challenges: Requires strategic planning, diversified revenue streams, and effective marketing.

Fatigue:

- **Member Burnout:** Strategies to combat fatigue include prioritizing initiatives and offering diverse and relevant content.

STRATEGIES IMPLEMENTED TO OVERCOME CHALLENGES

- In 2024, the BBA will address these challenges by diversifying funding sources, strategically engaging members with technology, embracing innovation in learning formats, expanding globally through partnerships, seeking member feedback for continuous improvement, and fostering inclusivity.
- Additionally, we will focus on strategic planning, leadership development, community building, agile governance, forming partnerships, and investing in brand building through effective marketing.
- These strategies aim to enhance adaptability, resilience, and overall value for our association members.

ABOUT JUDITH AND DIME COMMUNITY BANK:

In April 1997, Judith Limpert founded the Bayside Business Association (BBA) to fill the void left by the defunct Bayside Chamber of Commerce. Supported initially by her employer, North Fork Bank, the BBA aimed to sustain local traditions like the holiday lights on Bell Boulevard without relying solely on external funding.

With community involvement as a priority, Judith rallied local merchants to invest in the annual holiday lights tradition. Under Judith's leadership, the BBA has preserved traditions, supported new businesses, aided local families, led beautification projects, and transformed the former LIRR freight building into the BBA's headquarters. Since then, BBA has become a vital part of the Bayside community for the past 25 year

Judith remains an active member of the BBA Board of Directors while serving as Branch Manager at Dime Community Bank, offering personal and business banking services, commercial lending, and credit services. Her contributions have profoundly impacted Bayside's business landscape and enriched the community.
